

Roger Kuypers joins Kisolite's Scientific Board

FOR IMMEDIATE RELEASE

Chilliwack, BC, Canada – November 6, 2018-- Kisolite Corp., the exclusive marketer of all natural “Kisolite”, announces the formation of its new Scientific Board chaired by Vancouver, BC based lawyer Roger Kuypers.

Roger practices in the areas of life sciences and intellectual property law with FASKEN, an international business law firm based in Toronto, Canada with approximately 700 lawyers and offices in Vancouver, Surrey, Calgary, Toronto, Ottawa, Montreal, Quebec City, Beijing, London and Johannesburg. FASKEN is now one of the largest law firms in Canada with an international reach.

Roger is also the Chair of the region's Life Sciences industry group and the Intellectual Property practice group and advises businesses and institutions on the development, acquisition and commercialization of technologies as well as corporate matters, finance and corporate acquisitions.

The Scientific Board will work closely with the company on the next steps towards advancing research on and the ultimate commercialization of the mineral clay known as “Kisolite” which is mined at Kisameet Bay, British Columbia, Canada”.

About Kisolite Corp

Breakthroughs in scientific research have confirmed evidence that the mineral clay, known as Kisolite, from Kisameet Bay, British Columbia, Canada, demonstrates broad-spectrum antimicrobial activity and exhibits potent inhibitory activity against a variety of bacteria and other microbes.

Kisolite Corp owns the exclusive rights to Kisolite for Licensing Agreements, product development, formulations, sales and marketing.

Kisolite Corp. is undertaking commercialization and product development in cosmetics; as a functional food in natural health products; and advancing material research for topical skin products.

This press release may contain forward-looking statements. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects" or "does not expect", "is expected", "estimates", "intends", "anticipates" or "does not anticipate", or "believes", or "recurring" or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties and other factors, such as demand for the Company's products, currency exchange changes and risks, internal funding and the financial condition of the Company, product roll-out, competition, technological changes, and other commercial matters involving the Company, its products, and the markets in which the Company operates, as well as general economic conditions, which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements.

Actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained in this press release. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.

Except as required by law, we undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. However, any further disclosures made on related subjects in subsequent reports should be consulted.
