

## **Kisolite appoints Mark Stanton to Business Advisory Group**

### **FOR IMMEDIATE RELEASE**

**Chilliwack, BC, Canada – December 18, 2018-- Kisolite Corp.**, the exclusive marketer of all natural “Kisolite”, announces the appointment of Mark Stanton to lead the Business Advisory Group for the company.

Mark is currently a Director of Corporate Relations in Media and Marketing and recently Director of Marketing for a national Internet Technology/Media company.

For three decades Mark worked overseas in London and Amsterdam in financial derivatives and equity trading. Since settling in West Vancouver, Canada, he has acted as a Principal or an investor in start-ups and conducted projects with the private banking section of a large Canadian bank.

Mark will lead the Business Advisory Group for Kisolite Corp. His activity with the company has previously included product and market research, business development practices, conferences, and business planning.

The Business Advisory Group of Kisolite Corp has been established to advise the company on commercialization, product development, and provide connectivity into a variety of market sectors.

### **About Kisolite Corp**

Kisolite Corp owns the exclusive rights to Kisolite for Licensing Agreements, supply, product development, formulations, research, sales and marketing. The company is undertaking commercialization and product development for a broad range of applications extending from cosmetics through to applications for both human and animal health.

*This press release may contain forward-looking statements. Often, but not always, forward-looking statements can be identified by the use of words such as “plans”, “expects” or “does not expect”, “is expected”, “estimates”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or “recurring” or variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties and other factors, such as demand for the Company’s products, currency exchange changes and risks, internal funding and the financial condition of the Company, product roll-out, competition, technological changes, and other commercial matters involving the Company, its products, and the markets in which the Company operates, as well as general economic conditions, which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements.*

*Actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained in this press release. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.*

*Except as required by law, we undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. However, any further disclosures made on related subjects in subsequent reports should be consulted.*
